ABOUT ME

I am a frontend developer who enjoys making websites that look good and work well on all devices. I like learning new tools and technologies to improve my skills. My goal is to build websites that are easy to use and give a smooth experience to users. I'm also interested in learning more about JavaScript frameworks and finding ways to make websites load faster and work better.

SKILLS

- HTML
- Git & GitHub
- CSS
- ReactJs
- JavaScript
- C++
- ExpressJs
- MongoDB

EDUCATION

Bachelor of Technology in Computer Science and Engineering
Global Group of Institutes, Amritsar
SGPA 6.17
2022 - 2026

Sr. Secondary Higher Education (Non-Medical)
R.B.G.R Collage, Siwan - Bihar
Percentage 56
2020 - 2022

Secondary School Education
Uma Shankar High School, Siwan - Bihar
Percentage 79.2
2019 - 2020

EXPERIENCE

91CoderStreet - Full Stack Development
91CoderStreet.com

Was part of a 25 people batch for Full Stack Training involving MongoDB, Express, React and NdoeJS. We built a project on Todo App while understanding all the web development techniques.

PROJECTS

Todo App – Full Stack Project

Built during training at 91CoderStreet using React. Implemented add, delete, and update task features with full CRUD functionality.

Personal Resume Website– HTML, CSS, javaScript Node.js, Express

Made a personal resume website to show my skills, projects, and contact info.
The site is mobile-friendly and has a clean design for easy reading.
